EDUCATION

Shri Ram College of Engineering & Management

2015 – 2019

B.Tech - Computer Science and Engineering - **CGPA - 7**

Palwal, Haryana

TECHNICAL SKILLS

Frontend: Javascript, Typescript, React.js, Redux, HTML, CSS, Tailwind.

Technologies/Tools: VS Code, Git, Github, Linux.

PROJECTS

Tenzi Game 🔗 | [HTML](#), [CSS](#), [JavaScript](#)

2024

- Developed an interactive Tenzi game using JavaScript, CSS, and HTML. The game simulates the popular dice game where players race to get all ten of their dice to show the same number.

Game Logic: Utilized JavaScript to handle game logic, including rolling dice, checking for matching numbers, and determining the winner..

QR Code Generator 🔗 | [HTML](#), [CSS](#), [JavaScript](#)

2024

- Developed an intuitive QR code generator application utilizing JavaScript. The tool allows users to input text or URLs, which are instantly converted into high-quality QR codes.

Features include real-time QR code generation and the ability to download the generated QR code as an image file..

Calculator 🔗 | [HTML](#), [CSS](#), [JavaScript](#)

2024

- Created a basic calculator application using JavaScript that performs fundamental arithmetic operations such as addition, subtraction, multiplication, and division. Features a straightforward user interface with buttons for each operation and an input display for entering calculations.

Todo List Application 🔗 | [React.js](#), [Tailwindcss](#)

2024

- Developed a dynamic To-Do List application using React and Tailwind CSS. Key features include task addition, deletion, marking tasks as completed, and persistent data storage via local storage. Implemented clean UI and efficient state management for an enhanced user experience.

EXPERIENCE

Damco Solutions Private Limited

Jan 2021 – Feb 2024

Web Researcher

Faridabad, Haryana

- Investigating companies or their employees by searching online newspaper, articles, website, Linkedin or other media sources. Analyze and classify the information collected and put it in the desired output formats.

Preqin CRM Data Research: Specialized in using Preqin, a leading source of data for the alternative assets industry, to extract and analyze CRM (Customer Relationship Management) data.
