## EDUCATION

Shri Ram College of Engineering & Management

2015 – 2019

B.Tech - Computer Science and Engineering - **CGPA - 7**

Palwal, Haryana

## TECHNICAL SKILLS

**Frontend:** Javascript, Typescript, React.js, Next.js, Redux, HTML, CSS, Tailwind.

**Technologies/Tools:** VS Code, Git, Github, Linux.

## PROJECTS

**Tenzi Game** 🔗 | HTML, CSS, JavaScript

2024

- Developed an interactive Tenzi game using JavaScript, CSS, and HTML. The game simulates the popular dice game where players race to get all ten of their dice to show the same number.

**Game Logic:** Utilized JavaScript to handle game logic, including rolling dice, checking for matching numbers, and determining the winner..

**QR Code Generator** 🔗 | HTML, CSS, JavaScript

2024

- Developed an intuitive QR code generator application utilizing JavaScript. The tool allows users to input text or URLs, which are instantly converted into high-quality QR codes.

**Features include real-time QR code generation and the ability to download the generated QR code as an image file..**

**Tic-Tac-Toe (5X5)** 🔗 | HTML, CSS, JavaScript

2024

- Implemented a 5x5 Tic Tac Toe game using JavaScript, where players alternate turns to place their symbols ('X' or 'O') on the grid. The game logic includes initializing a 5x5 board, handling player inputs, and updating the grid in real-time. JavaScript functions manage move validation, check for winning conditions (five consecutive symbols in rows, columns, or diagonals), and detect draw scenarios when the grid is full. The game also features dynamic updates to display turn indicators, highlight winning combinations, and provide options to reset the game, enhancing the interactive experience..

**Calculator** 🔗 | HTML, CSS, JavaScript

2024

- Created a basic calculator application using JavaScript that performs fundamental arithmetic operations such as addition, subtraction, multiplication, and division. Features a straightforward user interface with buttons for each operation and an input display for entering calculations.

## EXPERIENCE

Damco Solutions Private Limited

Jan 2021 – Feb 2024

*Web Researcher*

Faridabad, Haryana

- Investigating companies or their employees by searching online newspaper, articles, website, Linkedin or other media sources. Analyze and classify the information collected and put it in the desired output formats.
