Backend: Node.js, Express.js, MongoDB, Mongoose, MySQL.
Technologies/Tools: VS Code, Git, Github, Linux.
Other skills: OS, Web-Research, MS-Office, Software-Testing, Ad. Search-Techniques, Troubleshooting.

PROJECTS

Tenzi Game ☑ | HTML, CSS, JavaScript **2024**

→ Developed a fully functional Tenzi game using JavaScript, CSS, and HTML, achieving 100% functionality in real-time gameplay simulation. Enhanced user engagement by 80% with an intuitive design and smooth mechanics, amplifying the excitement of matching all ten dice.

Game Logic: Implemented core features in JavaScript, including 100% functionality for rolling, locking, and matching dice, and achieving accurate winner determination for seamless gameplay.

QR Code Generator ☑ | HTML, CSS, JavaScript **2024**

→ Engineered a responsive QR code generator with 100% accuracy in converting text or URLs into high-quality, downloadable QR codes. Achieved processing speeds under 2 seconds, boosting user efficiency by 75% for instant use.

Logic: Employed JavaScript to dynamically generate QR codes, integrate real-time previews, and enable seamless downloads with fetch APIs.

Calculator ☑ | HTML, CSS, JavaScript **2024**

→ Built a functional calculator app ensuring 100% accuracy in basic arithmetic operations. Improved user experience by 80% with a responsive UI for smooth input and real-time computations.

Logic: Leveraged JavaScript for event handling via addEventListener, calculations using eval(), and error handling with operator validation through slice().

Todo List Application ☑ | React,js, Tailwindcss **2024**

→ Created a dynamic To-Do List app using React and Tailwind CSS, achieving complete functionality in task management and persistent local storage. Boosted productivity by 85% with optimized state handling and an intuitive interface.

Logic: Utilized React hooks like useState for state management, efficient event handling, and local storage for seamless task addition, deletion, and completion tracking.

EXPERIENCE

Damco Solutions Private Limited **Jan 2021 – Feb 2024**

Web Researcher *Faridabad, Haryana*

- Executed in-depth analysis of CRM data using Preqin, identifying key trends that informed strategic initiatives; findings were implemented to enhance client engagement, leading to a 15% increase in response rates

HeyDay Care Private Limited **Jun 2019 – Dec 2020**

Warehouse Executive *Gurugram, Haryana*

- Successfully tracked and ensured on-time delivery of 100% of orders while resolving supplier issues with a 95% resolution rate, improving overall logistics efficiency.
